

MEKAN AGAHANOV

New York, NY • 646-749-4155 • mekan.agahanov@baruchmail.cuny.edu

EDUCATION

BARUCH COLLEGE, CITY UNIVERSITY OF NEW YORK

New York, NY

Bachelor of Science, Expected 2027

- Major: Mathematics Minor: Computer Science
- GPA: 3.91/4.00
- Awards/Honors: Dean's List, Top Up Scholarship Recipient of \$40,000
- Competition: International Olympiad in Informatics (2023) - Honorable Mention, National Olympiad in Informatics in Turkmenistan – 2x Bronze Medal (2022, 2023)

EXPERIENCE

AMAZON

New York, NY

Software Development Engineering Intern

May 2025 – Present

- Engineered a scalable data ingestion pipeline using AWS Kinesis and S3 that assembled and processed over 1000 ad impression events per day
- Built a real-time, AI-powered data validation engine using Kafka and PyTorch, which analyzed streaming data to detect anomalies and ensured 90+% data integrity for downstream advertising analytics

THE NEW YORK POPS

New York, NY

Development and Organization Intern

Mar 2025 – May 2025

- Coordinated financial administration for 2 major fundraising events, reporting on event revenue that surpassed \$1.2M
- Prepared detailed financial reports on \$1.8M in seasonal fundraising campaigns for board member presentations

NATIONAL SCIENCE FOUNDATION

Alexandria, VA

Physics Researcher Intern

May 2024 – Aug 2024

- Researched to explore advancements in electric batteries and engines for EVs, focusing on lithium-ion batteries
- Conducted over 30 virtual simulations using Python, SQL and Simul8, leveraging IEEE research data to identify potential failures in EV batteries and electric motors
- Analyzed and inspected over 50 research papers on EV components; published a research paper with modeled device design methods, particularly for heat-resistant applications in EVs, improving efficiency by 14.4%

NEW YORK INSTITUTE OF TECHNOLOGY

New York, NY

Information Technology Intern

Sep 2023 – May 2024

- Built New York Tech resources access project in collaboration with the Microsoft systems development team, upgraded system integration, and streamlined digital access for students and faculty
- Repaired 100+ operational and software issues for various electronic devices, optimizing performance and user satisfaction

LEADERSHIP & ACTIVITIES

FINANCIAL LEADERSHIP PROGRAM, BARUCH COLLEGE

New York, NY

Selected Participant

Aug 2025 – Present

- Selected as one of 27 top-performing group of juniors for intensive training on technical, leadership, and professional skills
- Completed weekly assignment which included market research, case studies, creating pitch books, and excel modeling

50FIVE CAPITAL

New York, NY

Derivatives Analyst

Sep 2024 – Present

- Collaborated in a team of 14 to manage a multi-asset portfolio with a 30.3% allocation to derivatives
- Generated a 61% return on the derivatives allocation through the strategic execution of protective puts and covered calls
